Girl Scout Day Returns to Woodlands Nature Station

Photo: Woodlands Nature Station Naturalist Arriane Byrum leads a program at a past Girl Scout Day event.

Land Between the Lakes, Ky/Tenn. March 15, 2022 - The Woodlands Nature Station at Land Between the Lakes National Recreation Area will host its annual Girl Scout Day on March 26, 2022, from 10 a.m. – 3 p.m. and invites scouts and non-scouts of all ages to join in on the fun.

This year's theme is "The Wonders of Wildlife." Hands-on activities, a guided hike, crafts, live animal encounters, games, and more will help Daisies, Brownies, Juniors, and Cadettes work towards their respective Wildlife badges. Badge requirements will

be completed through a combination of scheduled programs and a series of activity stations that scouts can visit throughout the day. Scouts should plan to spend at least 3 hours to complete all activities.

“We are learning all about plants and animals for this year’s Girl Scout Day and invite everyone to explore the wonders of wildlife,” said Carianne Boehme, naturalist at Woodlands Nature Station. “Participants can learn how to identify wildlife, see where different baby animals call home, join us on a guided tree hike, observe live bugs up close, and even create their own bug to take home!”

Girl Scouts can participate with their troop or individually with a parent and are encouraged to bring friends. Non-scouts are welcome to participate. General admission covers all programs and activities. Admission for the day is \$7 for ages 18 and up; \$5 for ages 5-17; and free for ages 4 and under. Participants should prepare to be outdoors and are welcome to pack a lunch and make a day of the event.

Seniors and Ambassador Scouts are encouraged to volunteer at Girl Scout Day. Call Carianne Boehme at (270) 924-2299 for more information. For a complete schedule of activities, check the Calendar of Events on the official Land Between the Lakes website: www.landbetweenthelakes.us/seendo/attractions/nature-station.

Fourth grade students can visit www.everykidoutdoors.gov to receive their free Every Kid Outdoors pass, which provides free admission for the student and 3 additional individuals to the Woodlands Nature Station, Homeplace 1850s Working Farm, and Golden Pond Planetarium.

About the Friends of Land Between the Lakes

The Friends of Land Between the Lakes have partnered with the Land Between the Lakes National Recreation Area of the USDA Forest Service to provide interpretive and informative services along with support services for those visiting the Land Between the Lakes National Recreation Area.

More information is available at www.friendsoflbl.org. The Friends are supported through business and personal memberships, gift shop sales and other contributions.
